

Asian Pears

Variety		Harvested	Description
20th Century		Late August - September	20th Century has a thin spring-green skin that turns to a deeper yellow when it is ripe. This variety of Asian Pear is much juicier than our other varieties of Asian Pears and slightly less grainy.
Hosui		Late August - September	Hosui is a very sweet, russet-skinned Asian Pear that has a hint of a caramel undertone to its flavor.
Olympic (aka Korean Giant)		Late September - February	Olympic is our final variety of Asian Pear to ripen in the fall and is also our best keeper. Olympic's sweet, caramel-like flavor intensifies over time.
